3 Steps 
to Healthier Skin

BariPeutic Health's exclusive Dignité™ skin care products are designed to meet the needs of the plus-size body. Studies show that early treatment and prevention are key to maintaining healthy skin. Dignité™ *Cleanse*, *Moisturize*, and *Protect* provide complete skin care therapy to effectively condition, protect, and maintain proper hygiene.

“Prevention is critical to avoiding serious skin complications in the obese, such as fungal and bacterial infections, intertrigo, and pressure ulcers. These three Dignité products can be viewed as part of the basis for prevention.”

- Robert S. Kirsner, M.D., PhD University of Miami,
Department of Dermatology & Cutaneous Surgery
